

## DIRECTIONS FOR USE

Recommended to use twice daily or as and when required

### TO CLEANSE/REMOVE MAKE UP

- 1 Carefully apply the solution to an absorbent Lid Cleanser pad
- 2 Apply the pad to the eyelid and the base of the eyelashes, keeping the eye closed.
- 3 gently massage the eyelid with small circular movements in order to remove all debris.
- 4 Lightly stretch the eyelid, then gently rub the inner edge of the eyelid with a clean absorbent pad or cotton bud impregnated with Lid Cleanser to remove any impurities lodged at the base of the eyelashes.
- 5 Repeat each step for the other eye, using a clean absorbent pad.

The Eye Doctor Lid Cleanser does not need to be rinsed after use.
