What Lid cleanser is right for my patient?

The Eye Doctor Lid Cleanser and Tea Tree Lid Cleanser are suitable for patients suffering from any of the following:

- 1. Evaporative dry eye disease**
- 2. Meibomian gland dysfunction**
- 3. Blepharitis**
- 4. Demodex**

Both cleansers can also be used to remove make up and cleanse skin.

When to dispense?

Best dispensed to your patients with mild to moderate dry eye disease with sensitive eyelids and eyelashes. The unique formula cools and soothes sensitive eyelids, and is designed to effectively remove dirt, debris and makeup from the eyes without irritation.

FAQ's

How does The Eye Doctor Tea Tree Lid Cleanser work?

A 3-in-1 unique & effective formula that soothes dry, irritated eyes due to common conditions such as Demodex and Blepharitis, removes make-up and cleanses the skin leaving it feeling silky smooth and refreshed.

Our carefully developed formula is designed to effectively remove dirt, debris and make-up from the eyelids and the base of the lashes without irritation, keeping your eyes clean and healthy.

What is in The Eye Doctor Tea Tree LID Cleanser?

Argan oil - With skin conditioning properties such as high vitamin E and a fatty acid content, argan oil is an ideal ingredient to give skin a natural boost.

Micellar water - a gentle and hydrating cleanser and make-up remover.

Coconut oil - A skin conditioning ingredient which soothes the skin and has natural antibacterial properties.

Tea tree- used around the world for its natural antibacterial properties, tea tree oil helps to control natural oil levels on the skin and cleans excess meibum in the eyelids.
