The Eye Doctor® Hypochlorous Allergy Comfort Spray 100ml	£10	100ml	Yes	Spray onto closed eyelids daily or as needed.

### What is The Eye Doctor® Hypochlorous Allergy Comfort Spray 100ml

The Eye Doctor® Allergy Comfort Cleansing Spray is a gentle, hypoallergenic eyelid spray designed to cleanse and calm the eyelids during allergy flare-ups.

With antibacterial properties and a pH balanced formula compatible with the eyes and tear film, it helps remove pollen, dust, and other environmental allergens from the eyelids and lashes while soothing irritation.

Suitable for daily use, especially during allergy season.

### Suitable for?

**The Eye Doctor® Allergy Comfort Cleansing Spray** is suitable for individuals experiencing eye irritation caused by allergies. It is designed to help cleanse and soothe the eyelids during allergy flare-ups, including:

- Seasonal allergies or hay fever
- Allergic conjunctivitis symptoms affecting the eyelids
- Redness, itching, stinging, or irritation around the eyes
- Sensitivity triggered by pollen, dust, pet dander, or pollution

### Ingredients

**Hypochlorous solution:** Provides gentle antibacterial cleansing to help remove pollen, dust, and other allergens from the eyelids and lashes.

Preservative-free, alcohol-free, hypoallergenic, and suitable for sensitive skin.

## Product Benefits

- **Removes Allergens:** Gently cleanses pollen, dust, and environmental irritants from the eyelids and lashes.
- **Soothes Irritation:** Helps calm redness, itching, and stinging associated with allergies.
- **Supports Eyelid Hygiene:** Provides antibacterial cleansing to keep the eyelid area clean during allergy flare-ups.
- **Gentle for Sensitive Skin:** Hypoallergenic, preservative-free, and alcohol-free.
- **Contact Lens Friendly:** Suitable for use before or after wearing contact lenses.
- **Suitable for Daily Use:** Can be used regularly during allergy season to maintain comfort.

## FAQ's

### How should I use the spray?

Spray onto closed eyelids once or twice daily, or as advised by your eye care professional.

### Can I use this spray with contact lenses?

Yes, it is contact lens friendly and safe before or after lens wear.

### What symptoms does it help with?

Relieves allergic eyelid irritation, redness, itching, and stinging.

### Is it safe for children?

Yes, but use under adult supervision.

### Can it be used with other eye products?

Yes, wait at least 5 minutes between applications.

### How long does one bottle last?

The 100ml bottle lasts up to 3 months after opening.

### Does it replace allergy medication?

No, it supports eyelid hygiene and soothing during allergy season, but does not replace prescribed allergy treatments.

## Reminders & Precautions

- Do not use if allergic to any ingredients.
- Stop use and consult a specialist if your eyes become irritated.
- Children: use under adult supervision.
- Storage: keep in a cool, dry place; use within 3 months of opening; do not use if the bottle is damaged.
