

Safilens Promotional Text:

Safilens introduces DELIVERY RIBO, the innovative contact lens designed to protect your eyes from harmful High-Energy Visible (HEV/Blue) light while offering accommodative support for modern lifestyles. Developed with advanced riboflavin and vitamin E-TPGS releasing technology, these lenses help relieving your eyes from the strain caused by exposure to digital devices, a common issue in today's tech-driven world. By gradually releasing Lachryceuticals®, DELIVERY RIBO enhances comfort, protects the eye and avoids tear evaporation, reducing digital eye fatigue and potential damages. Perfect for daily use, they offer a unique solution for people who spend long hours in front of screens, promoting long-term eye health without compromising on comfort. DELIVERY RIBO brings this groundbreaking innovation to those seeking effective, everyday eye protection.
