

100% ALL NATURAL

GLUTEN FREE

DIABETIC FRIENDLY

CLINICALLY TESTED

At every age, our brain naturally gathers nutrients from our diet to help it function at its best. Containing 500mg Omega-3 DHA, ReMind™ is formulated for people looking to maintain their brain function with targeted nutrition*.

ReMind's patented formula uniquely combines three carotenoids called Lutein, Meso-Zeaxanthin and Zeaxanthin with Vitamin E, and Omega-3 fatty acids DHA and EPA.

Clinically tested in the peer reviewed and published Re-MIND trial at Nutrition Research Centre Ireland, Waterford, our formula was shown to increase the levels of active nutrients needed to maintain normal brain function.

Independently tested
Certified to meet label claims
Certified shelf-life stability

Recyclable carton,
bottle and leaflet

CAROTENOIDS

We pride ourselves on the quality of our ingredients. Our proven NutriMz® carotenoids are extracted from the marigold flower (Tagetes Erecta) using a unique and patented process, ensuring maximum purity and stability.

OMEGA-3 FATTY ACIDS

We use the highest quality omega-3s sourced from the cold waters in Northern Scandinavia.

CAUTION

Supplements are not a substitute for a balanced diet and healthy lifestyle. If taking medication or anticoagulants, under medical supervision, pregnant or breastfeeding, consult your doctor before use. Tamper evident bottle - do not use if seal is broken. Store in a cool dry place, between 5°C and 25°C. Keep out of reach of children.
