What is The Eye Doctor® Advanced Triple Action Eye Drop?

Introducing our revolutionary solution for combating the discomfort of moderate and severe dry eyes – The Eye Doctor® Advanced Triple Action Eye Drops. Uniquely formulated with a blend of key ingredients, this innovative eye drop is designed to provide comprehensive relief and lasting hydration, ensuring a transformative experience for your ocular health.

The Eye Doctor® Advanced Triple Action Eye Drops go beyond conventional Eye Drops. By addressing the three key factors contributing to dry eyes – strengthening the lipid layer, maintaining tear film stability, and preventing excessive dryness – this formulation offers a holistic approach to dry eye management.

Suitable for?

The Eye Doctor® Advanced Triple Action Eye Drop is suitable for individuals experiencing symptoms of moderate to severe dry eyes. This innovative formulation is designed to address various factors contributing to dry eye syndrome, making it suitable for a range of situations, including:

- **Chronic Dry Eyes:** For individuals with persistent or chronic dry eye symptoms, our eye drops offer a long-lasting solution to relieve discomfort and promote ocular health.
- **Preventive Care:** The eye drops are also suitable for preventive care, providing a proactive approach to maintaining tear film stability and preventing the onset of dry eye symptoms.
- **Daily Eye Care Routine:** Whether you use them as part of your daily eye care routine or as needed, these eye drops are convenient to incorporate into your regimen for sustained comfort and protection.

Ingredients

Sacha Inchi Seed Oil:

Experience enhanced protection as sacha inchi seed oil strengthens the tear film lipid layer, promoting quick spreading and increased resilience.

Trehalose, Hyaluronic Acid, and Glycerol:

The trio of trehalose, hyaluronic acid, and glycerol work in harmony to bind water, stabilise the tear film, and provide optimal lubrication. This helps maintain tear balance, preventing excessive dryness and ensuring lasting comfort.

Product Benefits

- **Lasting Relief for Dry Eyes:** Experience unparalleled comfort with a formulation designed to provide long-lasting relief for moderate to severe dry eyes.
- **Holistic Dry Eye Management:** Address the root causes of dry eyes by strengthening the tear film lipid layer, maintaining tear film stability, and preventing excessive dryness, offering a comprehensive solution for ongoing management.
- **Antioxidative Support:** The active ingredients possess antioxidative properties, aiding in cellular recovery and promoting overall ocular health.
- **Anti-Inflammatory Properties:** Actively supports the recovery process from inflammatory damage, contributing to reduced redness in the conjunctiva after inflammation resolves.
- **Proactive Preventive Care:** Ideal for preventive care, our eye drops can be seamlessly integrated into your daily eye care routine, helping you avoid the onset of dry eye symptoms.
- **DEMET® Technology:** Utilises the patented (pending) DEMET® technology for an optically clear solution with optimal viscosity and surface tension, ensuring no blurring of vision.

FAQ's

How long do The Eye Doctor® Advanced Triple Action Eye Drop last ?

The Eye Doctor® Advanced Triple Action Drops can be used up to 300times. It remains sterile for 6 months after opening.

How should my patient use the product?

The Eye Doctor® Advanced Triple Action Eye Drop can be used as required, 3—4 times per day is recommended.

Can I use these eye drops as a preventive measure for dry eyes?

The formulation is designed for both treatment and prevention. Incorporating these eye drops into your daily routine can help maintain tear film stability and prevent the onset of dry eye symptoms.

How long will it take to experience relief?

Individual responses may vary. Some users may experience immediate relief, while others may require consistent use over a few days. It's recommended to use the eye drops regularly for optimal results.

How do these eye drops compare to other dry eye treatments?

Our Advanced Triple Action Eye Drops offer a comprehensive approach to dry eye relief, addressing the three key factors contributing to dry eyes. The formulation provides long-lasting hydration and supports ocular health with unique active ingredients.

Reminders & Precautions

- Do not use this product if you are hypersensitive or allergic to any of its ingredients. Carefully review the ingredient list provided on the packaging to ensure there are no known allergens that may cause an adverse reaction.
- If you experience any signs of an allergic reaction, such as itching, redness, swelling, or discomfort, discontinue use immediately and consult with your healthcare professional.
- Store the eye drops in a cool, dry place, away from direct sunlight and extreme temperatures. Keep the product out of the reach of children.
